

SCCWRP Presentations in 1989-90

Steven M. Bay

48-Hour Sea Urchin Embryo Toxicity Test. U.S.E.P.A. Marine Toxicity Workshop: West Coast Species Culture and Toxicity Testing, Sacramento, CA. February 1990.

Chronic Sediment Test Methods with Amphipods and Sea Urchins. U.S. Army Corps. of Engineers Workshop: Sublethal Sediment Bioassays for the Regulatory Evaluation of Marine Estuarine Dredged Material, Vicksburg, MS. April 1990.

Important Pollutants Affecting Marine Life. California State University Ecology Department, Earth Day Symposium, Long Beach, CA. April 1990.

Comparative Responses of Marine Invertebrates to Contaminated Sediments from Southern California. Southern California Academy of Sciences Annual Meeting, California State University, Dominguez Hills, CA. May 1990.

Relationships Between Chemical and Biological Measures of San Diego Bay Sediment Quality. San Diego Bay Symposium, San Diego, CA. June 1990.

Jeffrey N. Cross

DDT in the Marine Environment Off Southern California: Lingering Problems from Past Discharges. American Fisheries Society, Anchorage, AK. September 1989.

Impaired Reproduction in Marine Fish off Southern California. Oceans '89, Seattle, WA. September 1989.

Southern California Coastal Water Quality. Planning and Conservation League Foundation, Los Angeles, CA. October 1989.

Contaminants in the Sea-Surface Microlayer off Southern California. EPA Workshop on the Sea Surface Microlayer, Seattle, WA. November 1989.

Local Marine Life: How Healthy Is It? Heal the Bay Annual Meeting, Santa Monica, CA. January 1990.

Reproductive Impairment in Two Species of Fish from a Contaminated Area Near Los Angeles. Southern California Academy of Sciences Annual Meeting, California State University, Dominguez Hills, CA. May 1990.

Reproductive Impairment of White Croaker from a Contaminated Area off Southern California. VIII International Symposium on Marine Biology, Ensenada, Mexico. June 1990.

Robert P. Eganhouse

The Surface Water Microlayer. Science Advisory Committee, UCLA National Center for Intermedia Transport Research Center, Los Angeles, CA. January 1990.

Historical Deposition and Biogeochemical Fate of Polycyclic Aromatic Hydrocarbons in Sediments Near a Major Submarine Wastewater Outfall in Southern California. 199th National Meeting of the American Chemical Society, Boston, MA. April 1990.

Sources and Magnitude of Bias Associated with Measurement of Polychlorinated Biphenyls (PCBs) in Environmental Samples. 199th National Meeting of the American Chemical Society, Boston, MA. April 1990.

Bioaccumulation of Molecular Markers for Domestic Sewage by *Mytilus edulis*. 199th National Meeting of the American Chemical Society, Boston, MA. April 1990.

Kenneth C. Schiff

Accumulation and Effects of Sediment Adsorbed DDT in *Capitella capitata*. International Polychaete Conference, Long Beach, CA. August 1989.

Bruce E. Thompson

State of Marine Life in Santa Monica Bay. Heal the Bay Annual Meeting, Los Angeles, CA. January 1989.

Recovery of Santa Monica Bay from Sludge Discharge: A Progress Report. Oceans '89, Seattle, WA. September 1989.

Changes in Benthic Macrofaunal Assemblages Near Sewage Outfalls of Southern California. Southern California Academy of Sciences Annual Meeting, California State University, Dominguez Hills, CA. May 1990.

Changes in Benthic Macrofaunal Assemblages Near Sewage Outfalls of Southern California. VIII International Marine Biology Symposium, Ensenada, Mexico. June 1990.

Understanding Sediment Toxicity off Southern California. 17th Aquatic Toxicity Workshop, Vancouver, Canada. November 1990.

Diane M. Wiley

Wetlands Preservation '90, Westminster, CA. April 1990.

Earth Day, Cabrillo Marine Museum, San Pedro, CA. April 1990.
