

SOUTHERN CALIFORNIA COASTAL WATER RESEARCH PROJECT

A Public Agency for Environmental Research

cordially invites you to attend its

Spring 2015 Seminar Series

Friday, January 9

Modern sedimentation in coastal environments: Integrating the sediment record and sediment processes to understand how coastal systems respond to natural and anthropogenic events

Dr. Joe Carlin

California State University, Fullerton

Friday, February 13

Climate change and the management of freshwater and saline wetlands in Australia

Dr. Neil Saintilan

Macquarie University, Australia

Friday, March 13

CellScope: Mobile phone-based, field-portable microscopy

Dr. Clay Reber

University of California, Berkeley

Date change ~~Friday, April 10~~ **Friday, June 12**

Mapping species and habitats

Chris Caldwell

Channel Islands National Marine Sanctuary

Friday, May 1

Translation of toxicological mechanisms into bioassays for chemical detection and site characterization: Dioxin-like chemicals and endocrine disruptors

Dr. Mike Denison

University of California, Davis

Late addition **Friday, July 17**

Unraveling complex microbial interactions and exploring their influence on marine ecosystem structure and function

Dr. Alexis Pasulka

California Institute of Technology

Seminars are presented at **11 a.m.** (unless otherwise noted) at SCCWRP's headquarters:
3535 Harbor Blvd., Suite 110, Costa Mesa, CA 92626
No RSVPs necessary.

Please confirm seminar dates online at **www.sccwrp.org**. Click on Meetings, then Seminars.
For more information, please call 714-755-3200.
