

ADVISORY COMMITTEES

- **Staff members serve on...**
- **Nine national advisory committees**
- **Thirty-two state and regional advisory committees**
- **Twenty-two local and project advisory committees**
- **Thirteen thesis or dissertation committees**

PROFESSIONAL SOCIETY LEADERSHIP

- **American Water Works Association**
 - Echinoderm Fertilization and Development Standard Method Joint Task Group, Chair
 - Biological Examination Standard Methods Committee
- **Coastal and Estuarine Research Federation**
 - Conference Chair (2013)
 - Finance Committee
- **California Estuarine Research Society**
 - President-Elect
 - Treasurer
- **Society of Wetland Scientists**
 - Western Chapter Past President
- **Society for Environmental Toxicology and Chemistry**
 - Conference Program Chair (2012)
 - Short Course and Education Committee
 - Global Membership Committee
 - North America Membership Committee Chair
- **Western Association of Marine Laboratories**
 - President-Elect
- **Southern California Academy of Sciences**
 - Board of Directors
- **Southwest Association of Freshwater Invertebrate Taxonomists**
 - Treasurer
- **Urban and Regional Information Systems Association**
 - Southern California Chapter Board
 - California GIS Conference (CalGIS), Planning Committee, Program Co-Chair
- **American Society for Photogrammetry and Remote Sensing**
 - Southwest Region Vice President
- **Southern California Chinese American Environmental Protection Association**
 - Board of Directors

JOURNAL EDITORSHIP

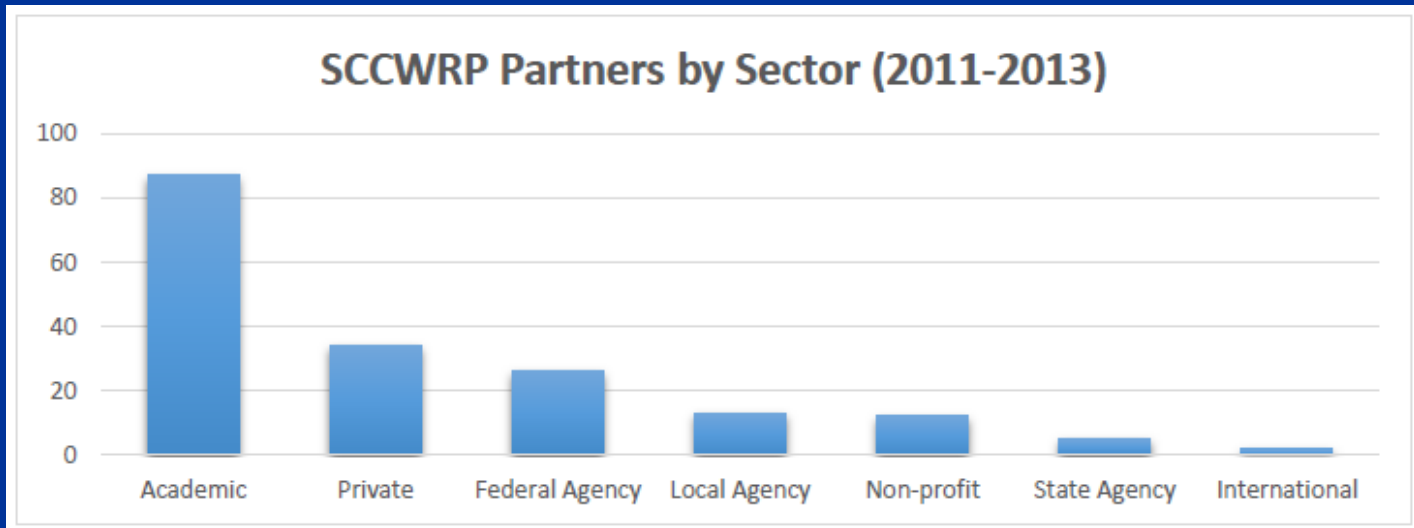

- **Environmental Toxicology and Chemistry – Keith Maruya**
- **Chemosphere – Keith Maruya**
- **Marine Pollution Bulletin – Ken Schiff**
- **Wetlands – Eric Stein**
- **Journal of Coastal Development – Doris Vidal-Dorsch**

REGIONAL MEETING CENTER

- **SCCWRP hosts an average of 14 meetings a month**
 - Expert panels
 - Focused topic meetings
 - Local scientific societies

PARTNERSHIP

- **92% of our projects are conducted in partnership with other organizations**
- **We have published with 177 institutions in the last three years**

SPECIAL ISSUES OF SCIENTIFIC JOURNALS

- Estuarine, Coastal and Shelf Science (In process) – Nutrient additions to coastal waters
- Marine Pollution Bulletin (In press) – Mussel Watch CA CEC Pilot
- Integrated Environmental Assessment and Management (2014) – Passive Sampling for Contaminated Sediment Management
- Water Research (2013) – Microbial source identification
- Integrated Environmental Assessment and Management (2012) – Sediment quality assessment
- Marine Pollution Bulletin (2009) – Assessing ecological integrity
- Journal of Water and Health (2003) – Microbial source identification
- Marine Environmental Research (2003) – Santa Monica Bay
