

Southern California Bight '23 Regional Monitoring Program

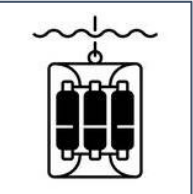

*Update for SCCWRP
Commission*

Seven Elements Moving Forward in Bight '23

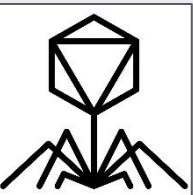

Sediment Quality

Water Quality: Ocean
Acidification & Hypoxia

Harmful Algal Blooms

Microbiology

Trash & Microplastics

Estuaries

Submerged Aquatic
Vegetation

Shellfish

Sediment Quality Element Progress

Program Elements	Study Design	Sample Collection	Sample Analysis	Data QA/QC	Data Analysis	Reporting
Field	Complete	Complete	NA	50%	NA	NA
Trawl	Complete	Complete	Complete	10%		
Toxicity	Complete	Complete	Complete	25%		
Chemistry	Complete	Complete	10%			
Infauna	Complete	Complete	5%			

Bight Element Progress

Program Elements	Study Design	Sample Collection	Sample Analysis	Data QA/QC	Data Analysis	Reporting
Water Quality/ OAH	Complete	Winter 2025				
HABs	Complete	30%				
Trash/Microplastics	Complete	Complete	5%			
Microbiology	60%					
Estuaries	Complete	Complete	15%			
SAV	90%	Fall 2024				
Shellfish	Complete	30%
